**Welcome to Feilding Kindergarten, a family and community orientated kindergarten providing children with the building blocks for lifelong learning.**

Our friendly, enthusiastic and experienced teachers appreciate the value of shared knowledge. The relationships we build with parents and whanāu ensure family practices and cultures are reflected in our learning environment to create meaningful learning experiences for children. All cultures are celebrated and children's whakapapa is acknowledged through vibrant visual displays.

We provide a well-resourced environment with a calming atmosphere where children's strengths and interests are recognised and extended. Our curriculum is child driven; fostering independence, self management skills and fun. Children at Feilding Kindergarten enjoy social interaction with peers and guide one another in following processes from beginning to end. Our teachers are a resource, undergoing continual development to ensure children are supported, inspired and prepared for future learning.

We invite you to join our community of learners, share your knowledge and provide your child with the best possible start.
