Welcome to Pahiatua Kindergarten, a spacious and vibrant learning environment with a wealth of resources to inspire young minds.

Children at Pahiatua Kindergarten participate in an exciting and challenging programme predominately initiated by them. Our enthusiastic teachers, wealth of accessible resources and spacious environment allow children to actively engage with learning and have fun.

We enjoy hands-on activities, setting up experiments and projects to help us understand scientific concepts and our natural environment. Concepts of literacy and numeracy are also incorporated into everyday kindergarten life to create meaningful learning experiences.

Children are encouraged to become skillful problem solvers and decision makers following processes from beginning to end and taking pride in the results they achieve. Together we plant, water, tend and harvest fruit and vegetables from our kindergarten gardens before preparing healthy meals to share.

We believe kindergarten lays the foundations for lifelong learning. We invite your participation in kindergarten activities and look forward to supporting you and your child as we journey into learning together.
